Darkwood by Evolkad - Pokerdeck

In the film and television culture of Japan, we believe that the two most representative genres are Anime and Japanese-style horror. For this work, we have combined the two and, in addition, incorporated the unique color-changing technique in card printing to bring you a one-of-a-kind piece - Flower, Tree, Leaf.

Darkwood Playing Cards

When desperate love pushes one to the brink of death, that suffocating feeling clings to you like the roots of a huge tree. On the verge of half-awake and half-asleep, how would you choose?

Despair, terror, distortion and suffocation, while at the same time there is a struggle between humanity and the strange essence...
