

Paul Harris Presents Daniel Garcia Project Vol #2 by Daniel Garcia video DOWNLOAD

Daniel Garcia's bold methods and a working pro's eye for routining take some of your favorite classics to new DG inspired heights.

- **Only Four:** Shadows coin for the 21st century. Only four coins are used-totally clean, and you can stop worrying about flashing the fifth coin.
- **Scatter:** A mental and physical impossibility-a card trick that uses no cards. Includes a PDF so you can print off as many as you like.
- **Motion:** A Haunted Deck routine that needs no gaffs, no preparation-all you need is this product.
- **Bad Habit:** A strikingly visual routine with a coin, a cigarette box, and a spectator's hand.
- **Chi!:** A coin is held at the fingertips and punctured with the magician's finger. And yes, the coin is signed. What more is there to say?
- **White or wheat:** The spectator examines the aces, which you cleanly place on the table with empty hands. A second later, the selected card is found between them. And then the spectators examine the aces again. Includes the Ego slip control, which you absolutely will use.
