REHAB - A Real World Torn & Restored Card

Cameron Francis has created one of the most workable and visual Torn & Restored Card's EVER!

Your spectator selects a card and signs it on the face. You sign the card across the back.

The card is torn into quarters.

Then visually, magically and INCREDIBLY the card is reassembled quarter by quarter.

And at the end of the trick the spectator can take the miraculously restored card home with them!

- Can be performed almost surrounded!
- One of the most angle friendly piece by piece card restorations ever conceived!

- Perfect for strolling and table hopping!
- Simple set up

This video also features FIVE awesome bonus routines -
