

50 Ways To Rock A Lighter video DOWNLOAD

Ever since the iconic Zippo lighter was introduced back in 1932, its users have applied cool routines to open and close it. From GFA killing time during WWII to Hollywood actors adding some flavor to their characters, Zippo lighter tricks have always been a sure way to boost your personality by adding some class and style. However, it wasn't until 1996 that the art of performing these tricks started to evolve beyond the basic moves previously seen. This video presents a selection of 50 popular tricks including everything from one hand wonders and spins, to inside and out tricks (performed by Lee Robinson).

TRICKS
 Phil Anvik (Norway) teaches you 50 selected tricks including the legendary Goody Style series. Each trick is filmed from 2 different angles plus a walkthrough and slow motion.

BASIC TECHNIQUES
 In addition to the tricks, we have also included 24 basic movements and techniques that will serve as a good entry point for the rookies.

MAINTENANCE
 Learn basic maintenance that will keep your lighter in top top kicking condition.
