

Think by Shin Lim video DOWNLOAD

From the mind of Shin Lim comes an extremely clean and deceptive piece of mentalism.

Effect: You present both a deck of cards and a prediction, both which YOU WILL NEVER TOUCH in the performance. As a matter of fact, you can be sitting in the audience while the spectator is on stage counting the cards. You ask the spectator to think of a number between 1-52. Once a number has been chosen, you instruct the spectator to pick up the deck, and deal down to that number. You then instruct her to lift up the prediction which has been on the table the entire time. THE CARD AND PREDICTION MATCH.... EVERY TIME!
