

## Ring Slide by Justin Miller and Subdivided Studios video DOWNLOAD

Ring Slide is a I.E.T (Invisible Elastic Thread) effect! For the BEST, STRONGEST, and CHEAPEST I.E.T ever to hit the magic horizon get LEGACY

Imagine causing a borrowed ring to travel across a borrowed knife, fork, spoon, pen etc... while the spectator holds both ends and you are nowhere near the items. Then in a HUGE shocker they release one hand and the ring falls into their hand and you are totally and utterly clean from start to finish.

- No funny moves!
- No weird hook-up moves!
- EASY EASY EASY to perform!
- INSTANT reset!

Have it on you at ALL times and whenever YOU want. YOU perform the effect! You get a 25 min download on how to perform what the community is calling one of the most commercial effects EVER to hit the magic market! PLUS get JMs Thoughts!! Wizard Product Review Bragged about JMs Creative thoughts on the Trinity System!!!! Now available with the Ring Slide Download. Purchase now and see what all of magic is talking about, and get ready to have your audience looking for tattoos on your neck because they will think you're from another planet.

This is the Effect That Change Craig Petty's Mind about IET Work!!!!
