

The Celtic Cabal by Peter Duffie eBook DOWNLOAD

An Incredible Collection of Magic & Mentalism from Ireland, Scotland & Wales.

35 contributors - 45 routines, including two essays.

"I read and tried out all the card and close-up material in your latest book, The Celtic Cabal. The card magic in particular was absolutely outstanding. A number of the mental and close-up items also really appealed to me. To my mind The Celtic Cabal is definitely the finest magic book to come out this year. At the price, it is also a real bargain." -**Harvey Rosenthal**
