And now to complete the Rindfleisch series, a Brand New 2-Volume Set Joe Rindfleisch's Extreme CARD Magic - Card magic . . . with the emphasis on MAGIC!

There are card tricks . . . you know the ones - the pick-a-card-any-card affairs that are usually boring to perform and even more so to watch. Then there's card magic . . . where the cards do impossible things as if they had a life of their own. Effects like these are a joy to perform and mind-boggling and thoroughly entertaining to watch. This is the realm of Joe Rindfleisch.

The man behind the very popular Extreme Rubber Band Magic and Extreme Coin Magic, is back and this time, he's turning his creative energies towards the pasteboards.

In this two-volume series, you'll see - and learn - some of the most innovative and intertaining card magic ever created.

This is card magic - to the extreme!

VOLUME 1 FEATURES CARD ACTS 1- 3:

CARD ACT 1

MAGIC COIN - Joe's eclectic approach to Paul Curry's classic Open Prediction.

10 MATE - A wonderful effect where two cards of like color and value are found by the performer and the spectator. Virtually self-working!

HOMING CARD - A classic given the Rindfleisch treatment! An Ace repeatedly jumps from the table back to a packet of cards held in the performer's hand. It ends with a finish that you-and your spectators-won't believe!

HALF-MOON RISING (Joe Rindfleisch & Gene Maze) - A beautiful (and impromptu!) rising card miracle.

PROCESS OF ELIMIN-ACE-TION - Joe combines Twisting the Aces with

Hofzinzer's Four Ace Problem and gets a winning combination!

RUB IT IN THEIR NOSE - A gambling expose where the performer beats four Aces with a Royal Flush. But how? By cheating, of course!
