The easiest Add A Number routine you will ever encounter.

Sacrificing NONE of the entertainment value.

FUNNY, ENTERTAINING and STRONG STAND UP MENTALISM!!!

A watch is set to a random time by an audience member.

Several people write down important years in their life.

The numbers are totaled by an audience member.

A comedy "sucker" prediction is revealed for a big laugh.

But then.....they get a kick to the BRAIN when the TIME ON THE watch being held by a spectator matches the EXACT TOTAL!!!

BUT WAIT, there is more. For the finale the EXACT total is revealed by giant numbers that have been placed below the chairs of THREE audience members in the front row. This makes for a final revelation that plays huge.... leaving YOU on stage to get all the applause.

This is a CLOSER that FITS IN YOUR POCKET

"I enjoy Nathan's approach to mentalism. He has the unique ability to take old principles and transform them into powerful new routines..."EZ Add a Number" is a great DVD. It features two live presentations of the effect in two different venues and a thorough explanation of the routine. The effect is very easy to learn... are simple to execute... very small and can be carried in your pocket or close-up case....I think Nathan has a huge hit on his hands. I'll definitely be adding "EZ Add a Number" to my act."
