

Johnny Thompson Commercial Set (Vol 1 thru 4) video DOWNLOAD

Johnny Thompson is one of the last of the living legends in his era. There is only one Vernon, Miller, Elmsley, Jennings, Marlo, and only one Thompson. Fortunately, ten years ago Johnny documented FOUR VOLUMES and nearly his entire close-up repertoire. This is a collection of private magic lessons from one of the formative figures in our art. It boggles the mind how these volumes are not in the collection of EVERY serious magician. Now, here's the really great news: we can now offer the complete collection as a download. You can finally enjoy this material on the go, on your computer, or just about anywhere.

Here's a peak of what you will see on each volume:

Volume One

- Balls & Net (Silent Mora - Dai Vernon) - Johnny explains the current thinking behind this classic effect.
- Coins Through Table (Al Baker) - A compilation of Baker, Vernon and Slydini.
- Han Ping Chien Coin Trick (Han Ping Chien) - Johnny describes a palms-up version of the Chinese classic.
- Winged Silver (Dai Vernon) - The Professor's method for the classic Coins Across.
- Copper & Silver Transposition (Dai Vernon) - Vernon's handling of this classic is completely explained.
- Vanishing Glass (Glass Through Table) (Max Malini) - The Malini routine is combined with a clever T. Nelson Downs subtlety.
