

The Captcha Change by Jay Grill - Video DOWNLOAD

This download will teach you a sleight that you can use for numerous effects, starting with a card change. You will also learn how to transposition two cards in an unbelievable way!

*Includes a routine for **The Captcha Change**:*

Any card is selected and then lost in the deck. You attempt to find their card, but accidentally choose the wrong one. You place the wrong selected card half way in the middle of the deck face up - twith just a swipe of another card, it instantly changes into their selected card!
