

Iwrite by Nikos Kostopoulos video DOWNLOAD

Visual magic with your smartphone. Draw things on your smartphone's screen and make them penetrate the glass of your phone!

Works perfectly on **iOS and/or Android 4.0 and above**.

Routines Included:

iWrite

Write a word on your smartphone and make it penetrate the screen.

iWrite ESP

Draw the five symbol of ESP on your smartphone and the spectator's choice penetrates the screen

iWrite Card Revelation

Visually change the drawing of a random card to match the spectator's choice.

iWrite Moving X

Draw an X on your smartphone's screen and move it to another place of your screen

iWrite Jumping X

Draw an X to the spectator's phone and make it jump back to your phone.

- Super easy to do
- Visual magic at its best
- Totally safe
- No apps necessary
