

Seattle's Finest by Chris Wiehl video DOWNLOAD

Who says you need an espresso machine to make great coffee? Just easily make it in your hands, instantly.

Christopher Wiehl has devised a most clever method of taking some easily found, everyday objects in a coffee shop and bringing them together to make deliciously brewed coffee in the palm of your hands.

Take a coffee bean, a creamer cup and some sugar, pour them all into your hand - now enjoy your fresh brewed miracle right from your palm.

It's the perfect trick to liven up your next trip to the coffee shop.

- Simple Setup
- Easy to perform
