

Control Tower by Mr. Bless - Video DOWNLOAD

Two FREELY SELECTED cards are chosen and lost in the deck! Another spectator names any number from 1 to 10.

Next a third FREELY SELECTED card is chosen and shown.

The magician then tosses the face up card up into the air. Like a boomerang, the card flies back into the deck.

Without any moves, the deck is handed to one of the spectators who spreads it on the table(or in her hands).

The spectator's selection will be found right between the chosen face up cards!!!
