

At the Table Live Lecture - Greg Wilson 8/27/2014 - video DOWNLOAD

Greg Wilson finishes out the month with a literal BANG. He produces a bottle of champagne out of a folded paper bag, but don't let the party atmosphere fool you, Greg Wilson knows what he is talking about! He reaches deep into the depths of his personal magic journal and brings you material that he has kept to himself for almost 20 years. Greg also does a full 45 minutes on pick-pocketing and watch stealing. He covers a few of his marketed effects, some great marketing ideas to help you get your show rolling, and much more.
