

## **At the Table Live Lecture - Bizzaro 11/19/2014 - video DOWNLOAD**

In a world full of reality TV and lackluster entertainment, Bizzaro: The Optical Illusionist, strives to prove that "normal" is just the setting on a dryer.

Bizzaro has performed from coast to coast and appeared on FOX, NBC, America's got Talent, and the Travel Channel's Extreme Conventions. He has even been seen at the famed Magic Castle in Hollywood, CA. He has fabricated magic for other entertainers like Gallagher and the one and only, David Copperfield.

This will be a lecture like you have never seen before, as Bizzaro takes you into his laboratory of magic and mystery. You will learn, STEP BY STEP, how to make, construct and perform magic from Bizzaro's twisted yet VERY creative mind.

This will be a lecture on Prop making and creativity. He will also talk about simple, basic electronics that you can do at home, to turn your performance into something amazing!

Every effect that Bizzaro performs and teaches in this lecture will be BRAND NEW, material that has NEVER BEEN PUBLISHED!
