

## **Crease Effect - by Arnel Renegado - Video DOWNLOAD**

Make a card crease jump, appear and vanish visually. Imagine a spectator selects a card and puts it on the middle of the pack, you then select a card and fold it to create a crease on it, after that the magic happens when you pull their card and visually the crease jumps onto their selection.

On this download you will learn how to construct the gimmick needed to perform these miracles along with an in depth explanation how to perform the routine.
