

Stage Hypnosis for Magicians & Mentalists by Jonathan Royle - Mixed Media DOWNLOAD

Whether your desire is to just add a little Hypnosis to your Magic and Mentalism Routines, or your aim is to perform a complete show of Comedy Stage Hypnotism, this is without doubt one of the most eye opening and educational packages you will ever invest into.

As well as every element and every Secret, Ploy and Proven Technique being taught in comprehensive detail within the 300 Pages of this PDF, you will also gain access and Private Online Viewing Links to over 16+ Hours of Step by Step Training Videos which if purchased separately from the authors websites would usually cost you over \$497 alone to obtain.

These videos perfectly and visually bring to life every technique taught and explained within the pages of this PDF which is written by Jonathan Royle one of the Worlds Most Successful Hypnotists who has to date (July 2014) been Professionally Hypnotising People all over the world for Over 25 years.

Royle has also arguably been responsible for the training, coaching and mentoring of more people around the world, that are now Successful Stage Hypnotists than any other Hypnosis trainer on the planet.

But be warned the Secrets and Approaches you will learn within the 300 Pages of this PDF and by studying the 16+ Hours of Private Online Training Videos are bang up to date and unlike anything you will see taught in old and outdated books by Ormond McGill or on the new craze of "Street Hypnosis" DVDs.

Indeed it would be true to say, that the only resource that is more comprehensive for learning effective and reliable (and Safe) Stage and Street Hypnosis would be my DVD set "The Transparency Template" which is also available from this Magic Dealers website.

Indeed that set will and does compliment this comprehensive, no stone left unturned Ebook and the 16+ Hours of Videos Perfectly.

Study the contents of this package and you'll be Hypnotising People and Hypnotically Entertaining them in next to no time!

(Plus 16+ Hours of Video Access)

Pages: 300 - 8.25" x 11.7" - PDF FORMAT
