

Razors by Will Stelfox - Video DOWNLOAD

Razors brings shock magic to the stage.

Whether you want to open your show with a bang or end your show by leaving your entire audience in awe, Razors is the way to do it. Although this effect has been around for a very long time, Will Stelfox brings a style and presentation to this effect that appears incredibly dangerous, while being very safe once you know the secret. You can cut five blades with paper and place them into your mouth without switching them first; what you see is what you get. Over his 600 performances of Razors, Will Stelfox has never cut himself while performing this effect, yet his audience reactions are absolutely stunning.

Available only as a digital download, you are now just minutes away from beginning to learn this insane magic effect.
