

Vanish & Switch by Manoj Kaushal - Video DOWNLOAD

Meet **Vanish & Switch**.

The next generation of classics.

A move so deceptive and yet so simple is what will make Vanish & Switch every performer's new hook. It's time to take the next step in false transfers, vanishes and switches.

Use it to vanish a coin in front of a small girl or to switch a borrowed ring in a venerate gathering. Vanish & Switch will always deliver you the ease and impromptu feel of the classics.

It's not a sleight, its simplicity.
