

Scare Coin by Arnel Renegado - Video DOWNLOAD

Move object and perform the easiest haunted deck effect using a coin

SCARECOIN

use a coin to move object and locate a freely selected card.

HAUNTED DECK

Spectator select any card and signed it,you then ask them to put it on the middle of the pack, and the deck lays on your palm in your control you make the deck moves and cut exactly on their chosen card.

Hand the card as a souvenir

Easy to do and perform

Spectator put their selected card on the deck

One of a kind concept

COIN AND CAN

You borrow a coin put it on a table and put an empty soda can on the top of it,suddenly the can moves by itself.

Easy to do and perform

CAN AND CARD

You borrow a coin put it on the table and put an empty can above it, after that you ask your spectator to chose a card and lays that card on the top of the can,with the power of the coin the card moves and flip over.

Can be use as a reveal of a chosen card

Easy to do and perform

Borrowed coin

No thread works are used in all the effects.

NOTE: You need additional props to perform this effect.
