"Did you ever wanted to balance one card on another?"

With **Suspense**, the deck is shuffled by the spectator then 2 cards are selected and the magician can balance one on top of the other. Both cards can be handed out at the end for examination, there is nothing to find!

Gimmick is very (very) simple to make, take less than a minute with items I'm sure you all have at home.

Key points to remember:

No thread

No magnets

Easy to do

End clean
