

The Money Project by Stephen Ablett video DOWNLOAD

This download features six full routines, all about Money.

One Coin Routine (Gimmick)

A coin is produced, then two more. Two of the coins vanish, upon which the last coin turns into a Jumbo with a kicker ending.

One Coin Routine (Impromptu)

An anytime, anywhere one-coin routine including productions, transpositions, vanishes, penetrations and with numerous endings to choose from.

Three Coins Routine

Three coins are produced, followed by a three-fly routine, a coin swallowing routine of which they all vanish and then has several different endings.

Shopping Spree

Five banknotes are shown, and even though they get discarded numerous times - you magically somehow always have five notes in your hands.

ATM

You take some money out of your ATM machine numerous times, only for it to vanish and the ATM machine to magically close down.

Card Coin Matrix

Four cards with a coin upon them are shown. A card is selected, and covered by the spectator. The coin on each of the other three cards vanishes and appears on the card under the spectator's hand.
