

Divine Chaos by Sean McCarthy - eBook DOWNLOAD

Divine Chaos is Sean McCarthy's first release to the mentalism and magic community and it details a whole host of great magic/mentalism that is up to date. Sean uses current methods that will suit the modern performer. Whether you are learning his linguistic techniques for metal bending or reading his subtleties detailed for each effect it is clear to see Sean has taken some great principles and worked them, adding his own unique approach along the way.

In this, he brings you 7 practical , no nonsense effects for both close-up and stage. Each of these effects have been worked in the real world, over a period of two years.

Inside you will find:

Trippy - A powerful and practical drawing duplication, where the spectator never writes anything down.

Impromptu CAAN - An impromptu Card at Any Number effect with a borrowed, shuffled deck.

Synister - An evolution of Sean's work on linguistics with metal bending (previously published in Deep Shadows by Dee Christopher).

The Gift of Giving - A stage effect in which the audience give the spectator a memory that he can keep for life.

Hide From Me - An impromptu which-hand test that is simple, direct and devious.

Bottoms Up - Russian Roulette in its purest form. A 50/50 chance between life and death.

China Bull - A propless system that allows you to seemingly, flawlessly reveal the childhood memories of a spectator.
