

Placebo by Mark Calabrese video DOWNLOAD

Placebo is a rare miracle in card magic which allows the spectator to do all of the work!

Imagine a named card, from a shuffled deck to be found by the spectator, behind their back! Seems too good to be true? Mark Calabrese has developed a way of doing just that and more.

- Completely impromptu
- For beginners and workers
- No weird moves
- Borrowed and shuffled deck
- Freely named card
- Spectator can do all of the work!

For many years, this has been one of Mark's go-to effects in his walk around and stand-up routine. Within minutes of learning the secret, you will be able to go out and perform this flawlessly!

What you get:

- Multiple routines taught by Mark Calabrese
- Psychological subtleties
- Alternate handlings
- In depth explanations to how and why this works!

Don't miss one of the best kept underground effects to hit the market... This is PLACEBO.
