

At the Table Live Lecture - Justin Miller 3/18/2015 - video DOWNLOAD

Justin Miller. Magic creator extraordinaire, and world-class sleight-of-hand artist. Hot off SyFy's hit TV show Wizard Wars, Justin joins us At The Table for something unique as he plans to take all of the effects he will be teaching, and perform them for a live audience prior to this event. He will then break down every performance as he goes over what worked, what didn't work and what could have be done differently - invaluable advice from anyone looking to improve their own magic and audience management! There will be magic ranging from never before published effects like VooDoo NoDude, which involves PK touches, fire and a bit of insanity, to updated handlings of things like Justin's ever popular Freedom Pack.

A special event that should not be missed!
