Liquid Transmutation, a new and ingenious way to turn water into cold tea.

Dan Alex thought this opening routine for the stage, and in Italy, more specifically Naples, in Campania, this effect has become a real mind-blower!

The magician shows a plastic cup empty and clean, then a spoon and a bottle of water.

Pour the water into the cup, mix it with the spoon and it magically transmuted into cold tea ready to drink!

What are you waiting for?

Make anyone go crazy with so little material!
