

Do Not Borrow Your Phone by Dan Alex - Video DOWNLOAD

Do not borrow your phone!

It is not a suggestion, it's the new and shocking effect created by the sick mind of Dan Alex #Liar.

A surprising effect with any borrowed spectator phone!

The magician borrows a phone, then scratch the screen with her fingernail, and shows the spectator a little piece of the screen raised! Immediately he passes hand on it and restore it magically.

Easy to do, 100% visual, hands clean at the end of the routine.

Not to be missed in your street repertoire!

Hope you enjoy!
