

## **CTC by Thomas Riboulet and Victor Collange - Video DOWNLOAD**

From the mind of Thomas Riboulet et Victor Collange.

The CTC Gimmick allows you to perform an awesome card to impossible location effect.

The spectator selects a card and then the magician tears it. The spectator keeps one part and the magician makes the other part vanish. And now imagine, the magician asks for a cigarette from the audience or takes one from a new sealed pack of cigarettes. Incredibly, the selected card reappears inside the spectator's cigarette.

Give an impossible souvenir to your spectator. If you're looking for a bluffing card to impossible location effect with a great impact on the spectators, stop looking. It's here. Welcome to the CTC Gimmick.
