Excerpt from *Extreme Dean #2* by Dean Dill

Performance and Explanation of Coins, Glass & Silk.

Inspired by "Coins Thru Table", four coins are placed under a glass on the center of a table and disappear one at a time and incredibly appear one at a time in your hand. Dean has used this routine countless times at his performances at The Magic Castle and it always leaves his audience talking about it afterwards. Included is Dean's Shell Displacement Move which is a must have for any shell routine.
