Performance and Explanation of Doug's Favorite & Beyond.

This is one of Doug Malloy's favorite routines as well as a favorite routine of Dean Dill. This is an amazingly clean version of David Roth's Chink-A-Dink. Includes a flash repeat where all of the coins assemble all at one time and everything can be examined at the end of the effect. You start by showing four coins and two empty hands and by the end start to do real magic.
