

## **Zodiax by Max Vellucci - eBook DOWNLOAD**

The mentalist asks the spectator to think of their zodiac sign or the sign of a person with whom he has a special connection. The mentalist then takes a card which shows a "medallion" showing all the signs of the zodiac and asks the spectator to focus on the sign he is thinking, but not to stare at it. After a bit of hesitation the mentalist invites the viewer to focus on the letters and on the symbol of the zodiac sign, as if they were drawn on an imaginary blackboard. After that the mentalist identifies it.
