"HEAT is the best, It's going into my new show."

Luke Jermy

"This is SO MUCH fun to perform. I've been using HEAT at the IVY and it gets an unbelievable reaction. BE WARNED: As the spectator starts freaking out, the whole room stops to watch. This starts off a close-up effect, but very quickly turns into a 'stage effect', as it grabs everyone's attention! This is a great closer to any walk-around session!"

Dominic Reyes

The special "Heat" mixture which you will learn to use safely has already been supplied by Carl De Rome to many of the world's leading magicians, mentalists and hypnotists including:

Luis De Matos, Keith Barry, Rand Woodbury, Pete Firman, Paul Romhany, Shawn Farquhar, Kockov aka Jasper Blakely, Ken Webster, Max Somerset, Jamie Allan, Dan Sperry, James More, The Twins (Illusionists) and Luke Jermy amongst many others.

Some reviews from magic magazines about this miracle include:

"It is probably the strongest effect anybody could ever hope to perform! And what makes this trick far superior is at no time do you need to do any dirty work. This is perfect for anyone working walk around, close-up and in bars etc."

Paul Romhany - Vanish Magazine

"Does it work? Yes it most certainly does and the sensation of heat and burning it produces is sensational. You are only restricted by your own imagination as to what you can do with this undetectable miracle"

Freddie Valentine - The Mystic Menagerie Magazine

SPECIAL BONUS: As "Hypno-Heat" is the ultimate pseudo hypnosis Stunt, it compliments the other full length "Hypno-Tricks" routines that Jonathan Royle teaches in his book of the same name and so we have included a copy of that as a bonus gift so you have even more "miracles" to start playing with straight away.
