

The Swab Change by Andrew Salas video DOWNLOAD

The Swab Change is a highly visual color change that is impromptu. In the action of pinching the card the spectator sees the card morph and change into their selected card. In this 20 minute download you will learn the change in depth and a color changing deck routine. Another take on the classic bertam change, but is done in the hands and the deck stays comfortably in the hands. Are you ready to learn this incredible color change?!?!
