

Mind Journey (Excerpt from Senti-Mentalism) by Luca Volpe video DOWNLOAD

This highly acclaimed routine from the DVD "Senti-Mentalism" is finally available as a single download.

For the very first time Luca Volpe explains his original take on a classic method in mentalism. A mixture of four different concepts that are blended together to create an impossible and stunning mind reading routine.

Once you discover the methods involved in this routine a new world of possibilities will open up! The props required are very easy to find and the routine can be performed in any kind of situation.

This is a triple prediction with an emotional twist. Your spectator really does go on a journey in their mind and you have correctly predicted all the elements of it!

In this download you will find the full live performance and a detailed explanation in which Luca Volpe covers all technical and psychological aspects of the routine.
