

Child's Play by Chris Congreave eBook DOWNLOAD

Chris Congreave returns to his super commercial "Childsplay" plot with 4 different takes on the effect.

Within this eBook you will find:

There is a regular deck effect. 2 no deck variations (that sit in your wallet ready to go, all the time). And a streamlined handling of the original routine. This is the way Chris now performs it in his act.

"Chris has taken an already great commercial effect and made it more streamlined, especially the deckless version, great stuff."

- Rus Andrews
