

Restored by Tiago Guerra video DOWNLOAD

Let the spectator select a card, then the magician tears the corner of that card and visually restores that corner.

Restored uses a handcrafted gimmick that is very easy to make.

Advantages of this effect:

- No magnets
- No thread
- Nothing to hide or ditch
- Gimmick takes only 5-10 minutes to make
- Give the card as a souvenir
- The restoration is clean

On the download Tiago will go over how to construct the gimmick, and a routine that you can use with it.
