Quique Marduk and Rey Ben are two Argentinean magicians with more than 17 years of performing magic. Together they formed the duo Uno & Medio, with their own repertoire of comic effects for parlor and stage magic.

You will learn with them effects such as:

- Milky Way - milk portions appear and disappear many times in a newspaper cone
- Papers for Notes - exchange papers for banknotes
- Human Slot Machine - three spectators on stage form a slot machine machine with a perfect prediction
- Voo Doo - magically guess the place where a spectator drives a knife

And so much more!
