

## At The Table Live Lecture 2 Alan Rorrison March 7th 2018 - Video - DOWNLOAD

He is one of the world's leading consultants for televised magic and stage productions. He also has a reputation for creating strong, hard-hitting, real world magic, with a specialty using technology in his effects and amazing card work. We have finally convinced him to reveal some of the secrets and reputation makers from his personal routines. Back with all new material, it's no surprise that we are thrilled to welcome **Alan Rorrison** to **At The Table!** Here's what you'll learn:

**FUCAN:** Alan's own opener for his parlor set -- a visual, hands-off Any Card at Any Number that will fool everyone from laymen to magicians!

**TLAH:** A stunning take on Hofzinsler's Ace Problem, with a twist!

**THT:** Tails. Heads. Tails. A coin-toss your spectator will never figure out.

**Handy 2 Tone:** Astonish your spectators by guessing in which hand they're holding a coin without ever touching them.

**Fly Away:** Surprise your audience by turning a dollar bill into an origami swan, using only a cell phone and a "freely" chosen image.

**Serial Wizard:** The ultimate borrowed bill routine. They'll never see this ending coming!
