

## **Blank ACAAN by Matt Pilcher - eBook - DOWNLOAD**

This one will fry your audience!

Using a blank deck, a spectator writes the name of any playing card onto one of the blank cards. The cards are then shuffled and cut. You then ask your spectator to name a number. Let's say they say the number 12. You deal down 11 cards and let your spectator take the next one (the 12th card)... Yep, you guessed it, it's their card!

Quite possibly the easiest version of ACAAN (Any Card at Any Number) ever created, but one of the most direct and powerful.
