Imagine... you draw something on the card case and the ink moves to a new location! HIGHLY VISUAL! It can even jump to your finger or to the spectator's signed card. One drawing can also move to join another! Best of all, the spectator can examine the card case.

The gimmick can be reset in just 15 seconds. In this video, we teach you how to make your own gimmicks, as well as three practical routines to amaze your spectator.

So... what are you waiting for??? Download the video and start moving that ink! This is **MOVINK** by Steve Marchello.
