

Sky Travellers by Fenik - Video - DOWNLOAD

Astonish your spectators - one Ace at a time!

The performer makes four signed Aces disappear visibly, one by one. Not only that, but each Ace has travelled to a different pocket on his person. As impossible as this seems, the performer makes good on his boast by removing a different signed Ace from four different pockets. Do it in close-up situations, parlour and stage. The method is diabolical. A sure hit.
