

Haunted Card by Arnel Renegado - Video - DOWNLOAD

New gimmick for your ACR (Ambitious Card Routine).

Imagine this. A spectator freely selects a card, no force, and the card is signed. The spectator puts the card in the middle of the deck (it's really in the middle of the deck). Suddenly one card moves onto the top -- it is your spectator's signed card. Looks incredible.

Welcome to **Haunted Card!**

Download the video and begin performing this!
