

The Art of Rapid Speed Trance Hypnosis by The Original Rogue Hypnotist Jonathan Royle - Video - DOWNLOAD

This eight-part video package (**approx. 6 hours duration**) is accompanied by access to three comprehensive, easy-to-understand, step-by-step training manuals. You will learn about all areas of NLP, hypnotherapy, stage-hypnosis and street hypnotism that the vast majority of so called hypnotists either don't know or are just too scared to teach you, as they don't want to create any competition for themselves.

It matters not whether you are an experienced hypnotic exponent or a complete beginner. Within this package, the truly original rogue hypnotist, aka "British Bad Boy of Hypnosis" Jonathan Royle, blows the lid on this secretive industry. He exposes all of the lies, untruths and inaccuracies that, unfortunately, the majority of hypnotism teachers have been lying to their students about for years.

You cannot possibly fail to become a far more confident, competent, truly powerful and hugely successful hypnotist after studying the contents of this package. Finally you will learn the **REAL TRUTH** about what hypnosis (whether for stage, street, or clinical therapy purposes) truly is, and how it actually works.

And along the way, you will learn exactly how to **NEVER FAIL** in anything and everything that you do as a hypnotist. You'll discover the true art of rapid speed trance hypnosis techniques, both for changing people's lives for the better on a personal 1-to-1 basis, and also with profitable group hypnotherapy sessions. You'll also learn how to effectively, safely, legally and ethically entertain people with the power of their minds.

You will become a fly on the wall as you gain access to the unedited "warts and all" videos from an event that took place on Saturday 17th March 2018 at Future House Therapy Centre in Chesterfield, England.

Although this event was recorded on a single static camera and it is most certainly not a professional recording, it is more than clear enough for you to learn the secrets, techniques and explosive home truths that Royle reveals within. These are guaranteed to help you become a far better hypnotist on all levels and in all contexts and situations at all times.

Among the numerous things you will learn are:

- * The correct structure for successful hypnotherapy treatment sessions
- * The correct structure for powerful and profitable group therapy events
- * The correct structure for safe, legal, and hilarious hypnotism shows
- * The 6 most effective hypnotic suggestibility tests to use
- * How to easily turn suggestion tests into powerful inductions
- * Several of the world's fastest and most powerful trance inductions
- * True insider secrets of getting people under in a matter of seconds!
- * The most effective and rapid trance deepening strategies
- * No-fail techniques for stage, street and clinical applications that guarantee your success!
- * How to consistently change people's lives for the better with hypnosis
- * How to safely, ethically and legally entertain on stage with hypnotism
- * Dave Elman's discovery, and how understanding it turns you into an instant street hypnotist able to confidently create powerful hypnotic phenomena
- * Truth about things that can and will go wrong, and how to deal with them when they do occur
- * Plus, tons of other real world, tried, tested, and consistently proven-to-work insider techniques, approaches, methods, and strategies that will set you on the path to success

Be warned that Royle's training style is loud, proud, provocative, and often seemingly offensive at first sight during many moments of this event. This is guaranteed to make you laugh out loud and question anything and everything you may think you already know about the subject.
