

DECKAPITATION by Matt Pilcher - Video - DOWNLOAD

DECKAPITATION is an intriguing effect taking the classic guillotine trick to a new level. This is something you can present to people in any situation. You take out a Queen, insert it partially into the deck and then pull it out with one swift pull. Upon removing it from the deck, the Queen's head is GONE!

Your spectator can keep the card if you wish them to have it as a souvenir.
