

## **Joker Surprise by Wolfgang Riebe - Video - DOWNLOAD**

If you are searching for a visual 'packet style' card trick with normal (even borrowed) cards, then this is the trick for you! Three red numbered cards are removed from a regular deck of cards and all simultaneously shown to be normal cards. One at a time, each card changes into a Joker. The last change is the most visual of them all. The cards are clearly all shown to be Jokers and instantly they change back into the original three normal red numbered cards.
