Paul Harris Presents **SS2 (Seductive Switch 2)**

Now you can do Paul Harris's legendary Seductive Switch effect with all of the cards face up! From the True Astonishments Box Set.

An in-their-hands Blackjack transposition like no other! Easy to do.

Effect: Give your spectator a Jack and a Six - you have the Ace. They cover up the Jack and Six by sandwiching them between their hands - you cannot get to those cards! Show the spectator that you're folding your Ace into quarters. THEN say you've amazingly switched it for their Six - impossible! They open their hands, and it's true - they're now holding the Jack and ACE! They open up your folded card - it's now the Six!

A modern miracle with a theme relatable to everyone.
