

## The Vault - Rapp by Steven Delaere - Video - DOWNLOAD

"If you are bored doing the crazy man's handcuffs, looking for something different, this is it! **Rapp** brings your rubber band magic to the next level. Taking a truly broken rubber band, you visually **RESTORE** it on THEIR phone. After the restoration, you then **SWAP** the rubber band to your phone in a split second.

**Rapp** is ultra visual, fast and it resets instantly! Modern magic using nothing more than a rubber band and a spectator's phone, creating a high impact in a very short time."
