

The Vault - A Poker Trick by The Other Brothers - Video - DOWNLOAD

Are you allowed to play cards at the casino? A question many of us have been asked multiple times. With **A Poker Trick**, you can now show your spectators exactly how skilled you are and why casinos have you banned for life!

One spectator chooses to become the cheater. The cards are then cut and shuffled. A bet is made and then the cheater deals the cards. The outcome of the game will leave your spectators in awe of your unbelievable card and premonition skills. After performing **A Poker Trick**, everyone will truly believe you must be banned for life from every casino all over the world! This routine is based on an unpublished idea of Jason England and Sweden's Tomas Blomberg and is used with permission
