

GHOST DECK by Arnel Renegado - Video - DOWNLOAD

A new kind of Haunted Deck!

Spectator selects any card from the deck. You then lose it in the pack of cards. Place the deck in a leaning position next to a wall, coffee cup or soda can. After a few moments, by magic, without touching it, the deck cuts itself right at the selected card! One portion then falls with the selected card showing! Welcome to **GHOST DECK**.

- NO GIMMICK
